SITUATION SUMMARY

Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Normal Operations	Normal Operations	Normal Operations	Normal Operations

Cal OES INLAND REGION

- See Fire Activity Slides.

Cal OES COASTAL REGION

- See Fire Activity Slides.

Cal OES SOUTHERN REGION

Train Derailment, Bloomington, San Bernardino County, SPILL: 18-3887

On 06/14/18 at 0603 hours, the California State Warning Center (CSWC) received a report from Union Pacific Railroad (UPRR) that two flat cars carrying containers of dirt derailed in the upright position due to a drawbar issue.

- There were no hazardous materials released and no injuries reported.
- CSWC personnel performed notifications per SOP.

Virulent Newcastle Disease (vND) in Chickens, Los Angeles and San Bernardino Counties

The California Department of Food and Agriculture (CDFA) has detected virulent Newcastle Disease (vND) in chickens in Los Angeles and San Bernardino Counties.

Per the Cal OES Southern Region AREP on 06/12/18 at 0718 hours:

- CDFA and the U.S. Department of Agriculture (USDA) have scaled up their response to this incident, as more cases have been detected.
- CDFA confirmed there are no commercial premises currently involved and there is no public health risk due to this virus.

Activations

- San Bernardino Operational Area (OA) EOC is activated to Level 3 (lowest level) and will continue to monitor the incident.

Deployments

- One (1) Cal OES Southern Region Senior ESC deployed to ICP as an AREP. Operational period of 0700-1900 hours.
- See Fire Activity Slides.

National	Northern California	Southern California
Preparedness Level 2	Preparedness Level 1	Preparedness Level 2
	Multi-Agency Coordination System MACS Mode: 1	Multi-Agency Coordination System MACS Mode: 1

Please note: The National and Regional Preparedness Levels are maintained by the National Multi-Agency Coordination (MAC) Group and are separate from Cal OES activation levels.

COASTAL REGION

Beaver, Vegetation Fire, San Benito County

Location: Coalinga Hwy x Airline Hwy, East of King City

Jurisdiction: State DPA, SRA

Start Date/Time: 06/12/18 at 1504 hours

Per Cal OES Duty Officers and ICS-209 as of [06/14/18 at 0606 hours](#):

- 215 acres, grass, [65% contained](#)
- Expected Containment: [06/18/18](#)
- Fire is burning in steep and difficult terrain
- Ground resources continue to improve and secure control lines

INLAND REGION

Chrome, Vegetation Fire, Glenn County

Location: Hwy 162 x Forest Hwy 7, north of Elk Creek

Jurisdiction: State DPA, SRA, Tehama-Glenn Unit

Start Date/Time: 06/09/18 at 1532 hours

Per Cal OES Duty Officers and ICS-209 as of [06/14/18 at 0619 hours](#):

- 2,290 acres, [90% contained](#)
- Expected Containment: [06/16/18](#)
- 1 structure destroyed
- Resources continue to strengthen and patrol containment lines

FIRE ACTIVITY

SOUTHERN REGION

Euclid, Vegetation Fire, Riverside County

Location: Euclid Ave. x Hwy 71, 6 miles south of Chino

Jurisdiction: State DPA, SRA, Riverside Unit

Start Date/Time: 06/12/18 at 1430 hours

Per Cal OES Duty Officers and ICS-209 as of 06/13/18 at 1742 hours:

- 120 acres, 30% contained
- Expected Containment: 06/17/18
- Crews continue to strengthen containment lines as fuels are receptive to spotting
- Difficult terrain continues to hamper control efforts

Portola, Vegetation Fire, Los Angeles County

Location: Westwanda Dr. x Benedict Canyon Dr.

Jurisdiction: Local DPA, LRA, Los Angeles City

Start Date/Time: 06/12/18 at 1456 hours

Per Cal OES Duty Officers as of 06/13/18 at 1200 hours:

- 35 acres, 40% contained
- Cal OES Duty Officers are monitoring

Santiago, Vegetation Fire, Orange County (Final)

Location: Hwy 241 x Santiago Canyon Rd.

Jurisdiction: Local DPA, SRA, Contract County

Start Date/Time: 06/11/18 at 1704 hours

Per Cal OES Duty Officers and ICS-209 as of [06/14/18 at 0554 hours](#):

- 155 acres grass, [100% contained](#)
- Expected Containment: 06/14/18
- Resources continue to mop up and strengthen control lines

911 Outages/Remote/Community Isolations:

COASTAL REGION

Angwin, Remote Office Isolation, Napa County

On 06/13/18 at 1239 hours, the California State Warning Center (CSWC) was notified by the CA 9-1-1 Branch that customers who receive service from the Angwin Remote Office lost dial tone and were unable to make 9-1-1 calls due to a network event.

- Napa County Sheriff's Office was advised of the outage.
- There were 2,127 telephone numbers affected.
- The issue was a bad card in the St. Helena Main Central Office serving as the host to the Angwin Remote Central Office
- As of 06/14/18 at 0225 hours, CA 9-1-1 Branch advised CSWC service was restored.

Service Interruptions:

- None reported.

WEATHER OF CONCERN

Weather of Concern

- Above normal temperatures are forecast to continue today; afternoon highs at many locations in the San Joaquin Valley are expected to reach around 100 degrees, resulting in widespread areas of moderate heat risk.

WEATHER SYNOPSIS BY REGION

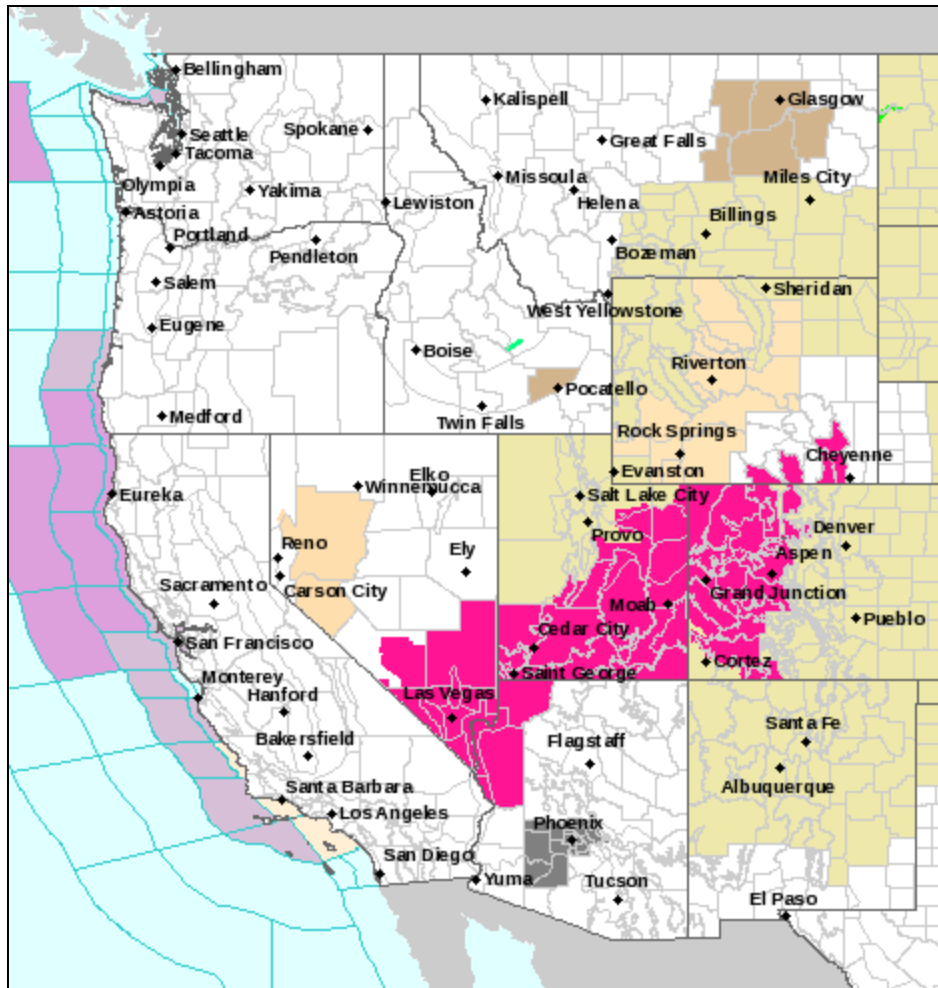

NORTHERN CALIFORNIA

The ridge of high pressure will gradually give way to a Pacific trough lasting through the weekend and most likely remaining into early next week. A northerly wind flow is expected to develop and favor the Sacramento Valley each overnight into the weekend. Peak gusts between 15-25 mph are expected during those periods within the Valley. Depending on how the Pacific trough evolves, a slightly stronger northerly flow would be possible during the weekend. Weather models have been showing this Pacific trough/low for the past several days but unfortunately they have been inconsistent on the placement and movement of the low, thus instilling uncertainty in the forecast beyond 3 days. Overall, temperatures should lower while humidity values creep up during the next 5 to 6 days. Afternoon temperatures should be near to a little below normal starting on the weekend and potentially lasting into early next week. Scattered showers and some thunderstorms should impact northern portions of the region, especially NE areas starting Friday night and lasting into early next week. Due to the path of the system, moisture will be somewhat limited.

SOUTHERN CALIFORNIA

Cooler weather will slowly overspread the area late this week and into the weekend. There will be a few mid and high level clouds over southern California through Friday which will be too thin to impact temperatures much. Onshore flow will increase which will generate windy weather in the mountains and deserts during the afternoon hours. West winds of 25-35 mph will be possible on the Sierra Front today with some gusts to 40 mph possible in the Antelope Valley and Banning Pass each afternoon through the weekend. Temperatures will cool a few degrees beginning today, and by Sunday, temperatures will likely remain in the 80s in the valleys. Moisture from Hurricane Bud will be drawn into the Southwest, the bulk of which will stay east of the region. But a handful of wet thunderstorms will be possible Friday on the desert side of the Cleveland National Forest eastward toward the desert south of Hwy 62. No further thunderstorm activity is expected through the weekend. A low pressure area may bring some showers and isolated wet thunderstorms to the Sierras north of Yosemite National Park next Monday or Tuesday. Temperatures will begin to climb again early next week. Most areas are expected to see relative humidity remain in the teens for minimums with good recovery at night.

GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

Cal OES LAW ENFORCEMENT MISSIONS

Cal OES Law Missions

- **2018-LAW-47160, 06/12/18, 1500 hours:** Originally opened on 06/09/18, Yolo Sheriff's Office (SO) requested to reopen this mission to search the area where mutual aid K9s previously indicated and where excavation is currently in progress. They are requesting 2 HRD K9s for 06/13/18 at 0800 hours or as soon as available. **Update: 06/12/18, 1908 hours:** Cal OES K9 Coordinator secured 2 teams for the search on 6/13/18. Yolo SO advised. **Mission Ongoing.**

Cal OES MISSION TASKING

Cal OES Missions

- **2018-IREOC-45244:** Caltrans to remove dead and dying trees along highways in Kern, Tulare, Fresno, Madera, Mariposa, Tuolumne, Calaveras, Butte, Plumas, Sierra, Shasta, and Lassen counties. (On Scene – Long-term assignment)
- **2017-SOC-44098:** CalRecycle Debris Management Team in Ventura County (Coordinating)
- **2017-SOC-43821:** DTSC to remove household hazardous waste from over 500 residential lots in Ventura County (On Scene)
- **2017-Inland-42559:** Weather station installed to gather real time rainfall data by Air Resources Control Board (On Scene)

Cal OES

GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
